## Story Board

Use the following boxes to plan out your digital story.

1. Write the picture name you plan to use in the box along with any of the words you will include in the box.
2. Use the lines underneath to write the narration for each picture you will use when creating the digital story.
3. Make certain the boxes are in the correct sequence. You may want to number them.
4. Use all six boxes for your story plan. If you would like to earn extra credit, you may do more!
